Executive Summary

The Indiana University School of Medicine's Division of Continuing Medical Education, Indiana State Department of Health, and Indiana Joint Asthma Coalition a 90 minutes course entitled "Taking Control of Asthma in Indiana: Asthma Management Guidelines Update." This course was held in Riley Hospital Outpatient Auditorium, Indianapolis, Indiana on December 6, 2006.

Speaker Evaluation

There were a total of seventeen respondents to the Speaker Evaluation surveys. Participants were asked to evaluate each presentation on the following 5 items on a scale from 1 (lowest) through 4 (highest):

- The speaker and presentation illustrated objectivity and balance.
- The speaker's presentation was evidence based and demonstrated scientific rigor.
- The presentation was appropriate to the level of the audience.
- The presentation was well organized and clearly communicated.
- As a result of attending the presentation, I will make appropriate practice changes based on this information.

Table 1 reflects a summary of speakers' evaluations. Section A of this report presents detail tables and charts of these results.

Table 1. Speaker Evaluation Survey Results (Summary)

<i>Speaker and Presentation Topics</i>	<i>Average (Four level scale)</i>
Michael Busk, M.D. Presentation Title: "Taking Control of Asthma in Indiana – Management Guidelines"	3.73
Michael Busk, M.D. Presentation Title: "Case Studies"	3.71
OVERALL RATING	3.72

Program Evaluation

Seventeen participants evaluated the overall program according to 5 items. Participants were asked to evaluate each item according to whether they strongly agree, agree, not applicable, disagree or strongly disagree. Table 2 identifies the results of this survey. More detail Program Evaluation charts and graphs are presented in Section B of this report.

Table 2. Program Evaluation Survey Results

(Percentages represent total of respondents who indicated "Strongly Agree" and "Agree"

Important results of the conference evaluations were that:

- **100% felt that the program met their professional expectations and needs**
- **100% felt that the information presented contributed to and/or expanded on their knowledge of the subject**
- **100% felt that the program content was current and up-to-date.**
- **100% felt the program content was closely related to their area of expertise.**
- **As a result of attending this activity**
 - **94% of participants indicated that they will be better able to outline the significant features of the asthma management guidelines**
 - **94% of participants indicated that they will be better able to discuss adherence issues and methods to overcome difficulties.**
 - **94% of participants indicated that they will be better able to describe new advances in the diagnosis and management of Asthma.**
 - **94% of participants indicated that they will be better able to improve the patient's quality of life by helping the patient achieve and maintain control of symptoms.**

Scale Average:											3.55	

PROGRAM EVALUATION

*Taking Control of Asthma in Indiana
Asthma Management Guidelines Update
Indianapolis, Indiana
December 6, 2006*

I will make the following changes in my practice as a result of attending this program:

- Use of educational plan in addition to action plan
- Continue my current teaching/education practice with updated information
- Reinforce importance of compliance, case management
- Encourage allergy testing
- Ask specific question to work into assessment regarding passive smoking and environment
- Work with patients better

Primary reason that would prevent you from making the above changes

- Lack of information
- Compliance
- Cost
- Reimbursement

Additional Comments:

- I enjoyed the presentation very much. It will be helpful to me as I transition into a pulmonary practice from a family practice
- Thank you so much, great program

Suggested topics for future programs

- Specific pharmacology
- Asthma medication education
- Patient education
